

Jump into MedRec: BPMH Training Across the Continuum

AGENDA

1. Introduction
2. BPMH - what, why, when and where
3. Patient factor, system and process challenges
4. BPMH - how, tools and resources
5. BPMH role playing

Overview:

The Best Possible Medication History (BPMH) is the cornerstone of medication reconciliation.

This half-day workshop will focus on how to obtain a BPMH. Attendees will gain sufficient knowledge and skill to be able to apply the process in their own healthcare environments.

Learning Objectives:

By the end of this workshop, participants will:

- Learn how to obtain a BPMH using a systematic process;
- Learn how to identify and document discrepancies;
- Practice their skills in obtaining an efficient and accurate BPMH, using real-life exercises, and
- Gain sufficient knowledge, tools and resources to be able to apply the process in their own healthcare environments.

Length:

3 hours

Audience:

Pharmacists, Registered Nurses, Registered Practical Nurses, and Pharmacy Technicians.

Level:

Intermediate
