

# WEBINAR

## REGISTRATION FORM

### Hospital-Acquired Acute Hyponatremia: Prevention is Key

ISMP Canada is pleased to have Dr Michael L Moritz, a pediatric nephrologist, who is considered a renowned expert and researcher in his field speak about preventing hospital-acquired hyponatremia in children.

This one hour webinar will focus on an overview of information from the literature, including review of incidents involving harm and death of pediatric patients from hospital-acquired hyponatremia. Dr. Moritz will provide valuable information and insights into how practitioners can lessen the possibility that patients they care for will

At the end of this session, participants will be aware of:

- ❖ the literature related to hospital-acquired hyponatremia in children including current theories and research;
- ❖ risk factors for the development of hospital-acquired hyponatremia in children;
- ❖ the signs and symptoms of hyponatremia encephalopathy;
- ❖ strategies to prevent hospital-acquired hyponatremia in children;
