- 1230** **Lunch**

Agenda - Afternoon

1315 Long Term Care Initiative in Ontario – Kris Wichman

Project Leader ISMP Canada

1330 Small Group Discussion: Medication System Safety in Long Term Care

1. What would you do to successfully implement a change to stop nurses crushing drugs that should not be crushed? (see list)
2. What are the opportunities/barriers to achieving this goal?
3. How could ISMP Canada help you?
4. *How is it best for ISMP Canada to reach you to share medication system safety-related information/safety bulletins?*
5. *Thinking of hot topics in your facility, rank in priority the following drug classes.*
6. *Using the list on the table, add any additional medication system safety issues?*
