

Mistakes With Medicines Can Happen. Are They Preventable?

A Complimentary Web-based Seminar for Patients and Consumers

Date: November 1, 2012

Time: 9:00 am – 10:00 am PT
10:00 am – 11:00 am MT
11:00 am – 12:00 pm CT
12:00 pm – 1:00 pm ET
1:00 pm – 2:00 pm AT
1:30 pm – 2:30 pm NT

Patients and consumers play a key role in safeguarding themselves and others from harm that can potentially result when mistakes involving medicines occur.

This complimentary web-based seminar from staff at the Institute for Safe Medication Practices Canada will provide patients and consumers with information on SafeMedicationUse.ca, a program that gives consumers a way to report medication incidents AND to learn from medication incidents experienced by others. Examples of tips and tools for safe use of medicines will be presented.

To register to participate in this complimentary web-based seminar visit: www.safemedicationuse.ca

SUPPORTED BY HEALTH CANADA

Brought to you by the
Institute for Safe Medication Practices Canada (ISMP Canada)

ISMP Canada's consumer-focused website, www.SafeMedicationUse.ca, is a pilot project of the Canadian Medication Incident Reporting and Prevention System (CMIRPS), a Canadian initiative to prevent harmful medication incidents. SafeMedicationUse.ca provides a way for consumers to report medication incidents and to get information about using medication safely.
